Ultrathin Flatbread Style Pizza Crusts - Round

Also Available in Whole Wheat and Herb Dough

Ultrathin Style Crust is our thinnest crust and is made without a raised border for "edge to edge" topping. This crust is the ideal choice for a thin crispy pizza, grilled flatbread, or served with dipping sauces. This crust works great in Panini grills and is the choice of health conscious customers who prefer a lighter pizza with less dough, particularly when made with our whole wheat dough.

California Style Pizza Crusts

Also Available in Whole Wheat and Herb Dough

The California Style Crust has Colors' distinctive hand shaped rolled border. This medium thick crust is soft and fluffy allowing for a longer final bake time, which reduces the chance of over-browning. The rolled edge helps keep the toppings in place and the crust medium-thick profile perfectly retains heat, making it our most versatile crust, from room service to buffet, catering and E.D.R applications.
